

To all Raintree Home and Property Owners

The future of Raintree will be decided by YOU

The Raintree Community has been divided by an inequity that has been created by various actions over the existence of Raintree. This inequity has been the cause of multiple law suits, both personal and using of our own property owner's assessments, resulting in costly litigation and no solution to the problem.

We, the signers of the petition calling for this election, feel that the approval of the proposed ballot items will allow the community to move forward united in the equal support of all of our amenities, including the Country Club and Golf Course.

- All of the amenities (lake, golf course, restaurant, pool, beach, campground, etc.) of Raintree help to maintain our property values and make this a special place to live.
- Complete information including - sample ballots, real estate values, Country Club financials - is available for viewing and in addition, question and answer sessions are being conducted at the Country Club daily.
- Without these ballot items passing the Country Club will not be able to continue operating. This will affect the value of all of our properties.
 - Remind your friends and neighbors to get out and vote.
- Please be skeptical of information provided by people or groups opposing our solution. Learn the facts by reviewing the ballots and the other information available.
 - Information available at www.raintreecountryclub.net

**VOTE FOR EQUALITY AND VOTE FOR THE
BETTERMENT OF RAINTREE...VOTE YES**
